

REPORT GERMAN CROWN PRINCE DEAD

PRESIDENT IS ADVISED AGAINST ATTENDING PEACE CONFERENCE

Thought He Can Accomplish Same Good by Sending Representatives --- Would Entail Personal Risks.

(By Associated Press)
Washington, Nov. 13.—Members of President Wilson's official family are advising against his acceptance of the invitation to attend the peace conference on the grounds that it would involve useless risks and would accomplish nothing that could not be accomplished by such delegates as the president may select.

There are no constitutional obstacles prohibiting the president from accepting the invitation to attend the peace conference if he so desires.

The objection to him doing so is made on the grounds that it would be incurring unnecessary risks and that he could accomplish the same ends by selecting men to represent the United States at the peace conference.

It is understood how the European people at this time might be anxious to have President Wilson attend the conference but it is thought that it would be inadvisable for him to do so by the official family.

COLLEGE STUDENT QUOTA WAR WORK FUND IS \$13,000

The committee in charge of the war work campaign announce that the campaign is progressing nicely. Several communities in the county have subscribed their full quota, while others are still behind. Figures on the donations will probably be available for tomorrow's edition of the Eagle.

MUTINOUS TROOPS DRIVE SUPPORTERS OF AUTOCRACY AWAY

(By Associated Press)
Amsterdam, Nov. 13.—German troops who mutined at Beverloo and Capin, Belgium, and raised a red flag attacked another force supporting the former emperor. The imperial troops were defeated and fled to the Dutch frontier where they were disarmed.

COLLEGE DONATES FREELY

With a few of the departments not yet reported the response of the officers and instructional staff of the College proper to the united war drive was \$1,750 today, with the prospect that this sum would be materially increased when all reports are in. The canvass of the experiment station and extension service has not yet been completed.

To the mechanical engineering department belongs the distinction of having made the largest proportionate contribution, it having responded with 270 per cent. of its quota. Several other departments also gave more than they had been assessed while a few have not yet met their quotas.

MICKIE SAYS

SAY, DIDJA EVER NOTICE THAT WE BOOST SOME ADVERTISERS MORE THAN OTHERS? WELL, THERE'S A REASON. THE FELLERS WE BOOST AIN'T ALL THE TIME TRYIN' T' GIT CUT RATES ON THEIR ADVERTISIN' 'N CROWDING A \$3 AD INTO A 50 CENT SPACE.

A. & M. TEAM DEFEATS BAYLOR BEARS IN ONE SIDED GAME

A. and M. won a decisive victory over the Baylor Bears at Waco Saturday afternoon, the score being 19 to 0. The Bears had a shade the better of the Farmers in the first quarter but the latter began to find themselves in the second quarter and on the second play of the second half, Martin, of A. and M. intercepted a Baylor pass and ran 30 yards for the first touchdown. Alexander failed on goal.

Five minutes later Martin passed the ball 25 yards to Weir, who jumped in the air for it, after four Baylor backs had failed to reach it, and landing with his face toward Baylor goal, and side-stepping the only Bear man left, outran the opposition and sat down between the goal posts for the second touchdown. Elam kicked goal. Then in the fourth quarter Elam got around the Baylor left end for twenty yards for the third touchdown, but the Farmers failed on the punt and lost their chance at a goal.

In addition to the brilliant work of Martin in breaking up the Baylor passes, McDonald played a strong defensive game in the backfield, while Alexander at end, Vandervoort at center, Scudder at guard and Elam at quarter played brilliant individual roles, though the whole team played together well and earned the victory which was achieved.

Members of the team remained in Waco Sunday to see the game between the strong Camp Travis and Camp McArthur teams, which was scoreless. They returned to College this morning.

The A. and M. scrubs and Allen academy eleven played a scoreless game on Kyle Field Saturday afternoon. Allen academy showed more aggressiveness in the first half and a portion of the second half and came near scoring toward the end of the game, but a Farmer player intercepted a pass, thus robbing the visitors of their only chance at a score. All of the A. and M. men were both vaccinated against smallpox and inoculated against typhoid Saturday morning and were not at themselves physically and did not play with the enthusiasm and punch that marked the work of the academy lads. Davis and Gilliam of the scrubs each got away with a good end run.

Considering that the game was played in the mud it was a very fair exhibition. It is probable the two teams will meet again soon.

While there was a large and enthusiastic celebration at College Monday morning over the signing of the armistice and the termination of the war, the celebration was not permitted to interfere with class work and everything is proceeding as usual.

Cadets were on the job before day, shouting their enthusiastic welcome of peace despite the fact that all of them had hoped they might have a vital part in bringing it about. To their organized demonstration there was added the noise of the powerful whistle of the steam plant.

A little later as the news spread over the campus an automobile procession was formed, headed by a portion of the College band on a big truck and followed by students, and campus and Bryan residents in other cars, most of them waving flags and several of them firing six-shooters and other guns. Members of the Signal corps shot off a few rockets and the general celebration continued until 8:30, when classes began.

No disorder was reported anywhere and perfect discipline was maintained.

PALACE OF EMPRESS UNDER PROTECTION OF THE SOLDIERS

(By Associated Press)
Copenhagen, Nov. 13.—The new palace at Potsdam, where the former empress, former crown princess and other princesses and their children are living, has been taken under protection of the Potsdam soldiers and workmen's council.

COLLEGE STUDENTS.

From R. F. Gribble of the Southwestern headquarters of the United War Drive, Secretary Fifth of the Y. M. C. A. has received a telegram advising that students all over the country are responding in a great way to the call of this work in the promotion of the morale of the soldiers, and suggesting \$13,000 as an adequate goal to be sought by the students at A. and M.

Three hundred S. A. T. C. students in Oklahoma A. and M. have raised \$4,000, the telegram announces, while 5,000 students of the University of Illinois have set \$60,000 as their goal. Penn State students have agreed to contribute \$25,000; 600 students at Randolph-Macon College have pledged \$6,000; at Connecticut College the average gift per student to this cause is \$28; while one division of the S. A. T. C. at the University of Texas has pledged \$14.75 per man.

LIEUTENANT FRED GREER VISITING FOLKS IN BRYAN

First Lieutenant Fred C. Greer, First coast artillery corps, who has just returned from France, is in the city visiting with his parents, Mr. and Mrs. J. W. Greer. This is not Lieutenant Greer's first visit to Bryan, he having been a student at A. and M. college some years since. Lieutenant Greer had the distinction of being the youngest student ever admitted to A. and M. He was admitted to the electrical engineering department of this college before he was 16 years of age, by special vote of the directors of that institution.

Lieutenant Greer was manager of the public utilities at Wharton, Texas, when war was declared. He immediately wired his resignation to headquarters and volunteered his services to the government. He was accepted and sent to the officers' training camp at Leon Springs, and was later transferred to Fort Monroe, where he received his commission. When General Pershing wired for 75 select men from the seven hundred graduates at Fort Monroe, Lieutenant Greer was one of those 75 men selected and was sent to France with the first contingent of American troops. He received practical training in France in every sector from the Swiss border to the North Sea. On account of his knowledge and ability as an electrical and mechanical engineer, he was made chief instructor at American headquarters tractor artillery school in France, which greatly facilitated his going from sector to sector on the battlefield. He was returned to America to undergo an operation for wounds received in active service. The operation being successful, he has now entirely recovered and is on sick leave from Fort McPherson, Ga., where he will report for duty December 1st. Lieutenant Greer has been in many close places in battle and is said to be one of the best rifle shots in the army. He has laid low many a boche brute, and says he is ready for active service again. He has numerous trophies taken from the Germans, the most novel of which is an automatic pistol with a holster made from walnut. The novel part of it is that the pistol can be attached to the holster making a short rifle of it. He says that the horror of a German at taking his own medicine must be awful, as the expression on the face of a German when bayoneted is almost unimaginable. Lieutenant Greer was in active fighting in the English sector during the great German drive toward Paris, and says he saw German pilots pile six feet high in front of English machine gun nests. Lieutenant Greer could tell many interesting stories of fighting in France, but he refuses to talk about himself or the battles he was engaged in.

NEW GOVERNMENT OF BAVARIA IS OPPOSED TO GRANTING MERCY

(By Associated Press)
Copenhagen, Nov. 13.—The new Bavarian government has sent a message to President Wilson, through the Swiss and German governments, expressing the fear that the armistice terms will bring chaos, and great disorder to the young republic, and requesting that Great Britain, France and Italy be asked to punish those guilty of fomenting trouble.

The message adds that German autocracy and the military party do not deserve mercy.

DESTRUCTIVE FIRE IN OIL PLANT IN PITTSBURG

(By Associated Press)
Pittsburg, Nov. 13.—Fire followed by gasoline tank explosion wrecked the plant of the Eagle Lubrication company in the business district late this morning. The fire spread to the building of the Atlanta gas company and J. and W. and J. B. Akron in the adjoining block. Work of the firemen was greatly hampered by sheets of flame which shot skyward from buildings.

GERMAN GARRISON AT BRUSSELS REVOLTED, ENTER BRITISH LINES

With the British Army in Flanders, Nov. 13.—The German garrison at Brussels have revolted and many soldiers and non-commissioned officers are arriving within the British lines.

GERMAN PAPER SAYS GOVERNMENT WILL NOT REPUDIATE LOAN

(By Associated Press)
Copenhagen, Nov. 13.—Vorwaerts of Berlin, repudiates rumors current in Germany that the new people's government intended to annul war loans. The newspapers say subscriptions to the ninth war loan have reached ten billion marks.

SPECULATIVE SELLING OF COTTON STOPPED

(By Associated Press)
Washington, Nov. 13.—Speculative short selling of cotton on the New York and New Orleans exchanges has been prohibited by the cotton distribution committee of war industries board.

Following this announcement cotton fell two hundred points, on opening call. While the ruling from Washington prohibited selling, it said nothing about buying, and immediately something of a demand sprang up which carried prices 75 to 100 points up from the bottom figure.

IRISH APPEAL TO WILSON

London, Nov. 13.—The Irish party issued an address appealing to President Wilson to aid in a settlement of the Irish question in accordance with his principle that all nations, large and small, have a right to free determination of their own form of government. A demand in this respect made in the house of commons, today was voted down.

REPORT OF YELLOW FEVER IN BRYAN BRANDED AS FALSE

Rumors are current in neighboring towns that Bryan has an epidemic of yellow fever. These reports are absolutely false and without foundation. Although the rumor is current in many nearby towns, none of them seem to know where the rumor started. This morning Dr. Honeycut, city health officer, received a phone message from the mayor of Calvert, stating that it had been rumored there that yellow fever is raging in Bryan. Dr. Honeycut brands the rumor as false, and says the message from Calvert was news to him.

We do not know how this report has gotten out, but we can say that Bryan has no yellow fever, so far as we know. In fact, health in the city seems to be exceptionally good.

CROWN PRINCE FREDERICK REPORTED KILLED AS HE FLED FROM GERMAN SOIL

London, Nov. 13.—The Crown Prince Frederick William of Germany was shot and killed Monday morning, says an unconfirmed report from Amsterdam.

According to the Amsterdam dispatches the crown prince was killed by German soldiers while he was attempting to cross the border into Holland.

For some months the reports coming out of Germany have led to the belief that the crown prince had made himself very unpopular with the German army and with the German soldier.

It has been freely predicted in many quarters that if Germany should go to pieces the crown prince would be one of the first to feel the effects of the wrath of the people.

His tremendous losses at the battle of Verdun and the other defeats that he has suffered in which he has recklessly thrown men into certain death has enraged the people, so it is reported, to a point almost beyond endurance and many only awaited an opportunity to take revenge for the wrongs they had suffered at his hands.

Every effort has been made to confirm the rumor of his reported killing but without success as yet.

LANSING SENDS REPLY TO EBERTS REQUEST FOR INTERVENTION

(By Associated Press)
Washington, Nov. 13.—Reply was sent today by Secretary Lansing through Minister Sulzer in Switzerland, who delivered Ebert's request yesterday for intervention by the United States to mitigate conditions there, stating that this would be attended to through enforcement of armistice terms.

REPORT SAYS MORE GERMAN SAULORS JOIN REVOLUTIONARY MOVE

(By Associated Press)
Kibasel, Nov. 13.—Crews of the German battleships Posen, Ostfriesland, Nassau and Oldenburg have joined the revolutionary movement according to a dispatch from Burnsbüttel. The Prussian-Holstein battleships named above are among the largest in the German navy.

UNTER DER LINDEN SCENE OF FIGHTING

(By Associated Press)
Copenhagen, Nov. 13.—Fresh fighting broke out in Berlin on Monday, says a message from the German capital. Loyal officers opened fire from royal stables and attacked revolutionists with machine guns on Unter der Linden.

Several persons were killed.

URGENT CALL.
Dr. C. P. Fountain, chairman of the local recruiting committee of the war work of the Y. M. C. A., has received the following urgent letter from the state headquarters:
"The following telegram was just received:
"Telegram from New York urges that all recruiting committees hold waiting men steady and search for others of outstanding qualities, as thousands are actually needed for army service. Secretary Baker says: 'War for the salvation of young American manhood has only just begun. Please, therefore, push recruiting for high grade men to the limit.' (Signed) T. A. Rymer, San Antonio, Texas."

MINNESOTA MAY REMAIN WEI
St. Paul, Minn., Nov. 13.—The unofficial majority for the state prohibition amendment melted away with the receipt by the secretary of state of official returns from fifty-nine counties. It was estimated at the secretary of state's office that Minnesota would remain wet by a margin of a few hundred votes.

MENEAL TRANSFERRED.
Lieutenant Don T. McNeal, Signal corps who has been engaged in the meteorological school, has been ordered to Kelly Field, San Antonio, to take charge of the meteorological station there, and left for that point yesterday.

CROWN PRINCE FREDERICK REPORTED KILLED AS HE FLED FROM GERMAN SOIL

He Was Said to Have Been Very Unpopular With the German People and the Hun Soldiers.

(By Associated Press)
Washington, Nov. 13.—President Wilson has sent a reassuring message to the people in Germany, replying to the appeal of former Chancellor Liebert. He promised to aid Germany in the matter of food supplies and in relieving distressing wants.

CAN MAKE NO CHANGE IN ARMISTICE TERMS SAY ALLIED COMMAND

(By Associated Press)
London, Nov. 13.—The allied high command has sent to the German high command, by French wireless a message to the effect that there can be no modification of the conditions of the armistice, including the annexed portions added by Marshal Foch at this time.

LANSING SENDS REPLY TO EBERTS REQUEST FOR INTERVENTION

(By Associated Press)
Washington, Nov. 13.—Reply was sent today by Secretary Lansing through Minister Sulzer in Switzerland, who delivered Ebert's request yesterday for intervention by the United States to mitigate conditions there, stating that this would be attended to through enforcement of armistice terms.

Every effort has been made to confirm the rumor of his reported killing but without success as yet.

REVOLUTIONARIES AND ROYALISTS SOLDIERS IN ARTILLERY BATTLE

(By Associated Press)
London, Nov. 13.—Holland's hesitancy in dealing with William Hohenzollern formerly German emperor, is ascribed to the extremely indefinite public opinion in Holland.

It is stated that the German revolutionary soldiers along the Dutch border had orders not to permit the former kaiser and his family to pass into Holland last Saturday night when the royal fugitives fled to Holland.

On Sunday morning the sound of cannon could be heard from German territory and it is reported that a fight was in progress between the revolutionary soldiers and the royalist troops and that both sides were using heavy artillery.

HUNS RAPIDLY RETIRE FROM ALLIED LANDS, REAR GUARDS VANISH

(By Associated Press)
Paris, Nov. 13.—How far the German armies have retired cannot definitely be said, they probably have reached the Brussels-Charleroi line. Enemy rear guards early this morning had vanished from sight in many points.

CETIJE, MONTENEGRO HAS BEEN LIBERATED

London, Nov. 13.—Cetije, capital of Montenegro, has been liberated, according to a Serbia official statement, issued Tuesday.

On Sunday Serbian troops entered Versec in Hungary, 25 miles north of the Danube, capturing and dispersing elements of the German rear guard. A number of guns, and much war material was captured. Serbians also entered Novissad.

GETS SILVER SERVICE.

One of the material tokens of the esteem in which he was held at College Major Fred W. Zeller took with him yesterday on the occasion of his departure for St. Louis University, where he goes as commandant. It was a beautiful silver service, the gift of officers of the command here. All the officers dropped in on him at his home to say good-bye and while there Captain Eldred T. Daugherty presented the token and Major Zeller expressed his appreciation. Monday evening Major Zeller and his family were dinner guests of President and Mrs. Bizell, while Monday night the family was entertained by Mr. and Mrs. D. L. Graves. Major Zeller left yesterday on the Sunshine Special for St. Louis. The College band accompanied him to the train.

Communication With Enemy Is Forbidden

Associated Press.

Americans in France, Nov. 12. Orders announcing that Armistice has been signed and giving directions as to future conduct of allied soldiers along the line were sent to every corps this morning, as follows:

"Hostilities will cease at eleven o'clock, Paris time. All communication with the enemy, both before and after termination of hostilities, is forbidden. Any violation will be severely punished, officers offending will be sent to headquarters under guard. There will not be the slightest relaxation of vigilance. Troops must be prepared at any moment to resume operations. Special steps will be taken by commanders to insure the strictest discipline and all troops must be held in readiness and fully prepared for any eventualities."

R. L. BUCHANAN DEAD.

telegraph message was received this afternoon announcing the death of Private R. L. Buchanan, son of Robert Buchanan, at Quantico, Va. He had been ill with pneumonia.

Locals and Personals

The report came to Mr. and Mrs. W. G. Buchanan last week that their son, D. S. Buchanan had been wounded a second time while "going over the top" in France. This cablegram was on yesterday followed by a letter from Lieutenant Buchanan, saying that a successful operation had been performed on his eye, and that his sight would not be impaired. He is now at Vichy hospital in Southern France.

Miss Mary Barron of Iola, is in Bryan to spend the winter with Mr. and Mrs. Stuart Barron. Miss Barron will assist her brother in his law office.

Mrs. Forest Jones and baby are here from Navasota, on a visit to Mr. and Mrs. C. S. Jones.

Letters from Miss Tyra Morgan to friends and relatives in Bryan tell of her interesting work in the naval department bureau in Philadelphia, and of her good health and enjoyment. Miss Morgan received her appointment to this government position some four months ago.

Rev. C. H. Storey received a message today from W. A. Hood of Tulsa, Okla., advising him of the death of Mrs. Hood Sunday night. Mr. Hood was formerly assistant electrician of Bryan and has many friends here. They were both loyal and active members of the Presbyterian church. Rev. Storey will go to Cameron to conduct the funeral tomorrow.

There will be a special meeting of the vestry of St. Andrew's church tonight at 8:30, at the rectory. David Reid, Secretary.

There will be a special thanksgiving service and holy communion at St. Andrew's church Wednesday morning at 9:30 o'clock. H. B. Jamison, rector.

Jack Ganter is able to be on the streets after an exceedingly close call from influenza and pneumonia. His many friends trust he will soon be restored to good health.

You are invited to hear Roy Bregg, state secretary of Christian Endeavor work, at the Free Baptist church, Thursday night. C. V. Wheeler, president.

The rehearsal of the cast of the "Star Scrapper," the home talent production to be given December 6, will be held tonight at the residence of Mrs. Tyler Haswell at 8 o'clock.

Miss Etta Peters has returned from a visit to New Baden and Franklin, where she was called to be at the bedside of influenza sufferers.

Mrs. H. J. Tuppely of Hattiesburg, Miss., arrived Sunday, for a visit to her mother, Mrs. Mattie C. Hall.

Two men engaged in a fistic bout yesterday morning near the Astin building and as a result were arraigned before the city court, where they pleaded guilty and paid a fine, after having been instructed that warning should now end.

PRESIDENT ISSUES ORDER CANCELLING ALL DRAFT CALLS

The Brazos county exemption board received a telegram from Major Townes at Austin this morning cancelling all draft calls and ordering mobilization of registrants stopped. The telegram follows:

Local Board, Bryan, Texas: Have just received instructions from General Crowder that the president directs that all general and volunteer special calls now outstanding for induction and mobilization of registrants of whatever color or physical qualifications for the army be, and are hereby canceled. You will, therefore, entrain no more men. TOWNES.

EVER SALIVATED BY CALOMEL? HORRIBLE.

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick and the next day, it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

IN HANDS SOLDIERS. Amsterdam, Nov. 12.—The entire northern fleet and island base of Plegoland are in the hands of soldiers' councils, says a dispatch from Bremen.

CASTORIA
For Infants and Children
In Use For Over 30 Years
Always bears the Signature of *Dr. J. C. Williams*

TEN MILLION LIVES IN 1567 DAYS OF THE GREAT WORLD WAR

The greatest war in history ended Monday morning at five o'clock, Texas time, after 1567 days of horror, during which virtually the whole civilized world has been convulsed.

Announcement of the tremendous events was made at the state department at Washington at 2:35 o'clock Monday morning, and in a few seconds was flashed throughout the continent by the Associated Press.

Details Not Given
The terse announcement of the state department did not tell anything of the scene at Marshal Foch's headquarters at the time the armistice was signed. It was stated, however, that at 5 o'clock Paris time, the signatures of Germany's delegates were affixed to the document which blasted forever the dreams which embroiled the world in a struggle which has cost, at the very lowest estimate, ten million lives.

Two Royal Houses Fall
When the war began the Teutonic alliance was headed by two of the proudest houses in history—the Hohenzollerns and the Hapsburgs. Today William II of Germany is a fugitive in Holland and Charles I of Austria, while he may be still in his country, has been stripped of power and has seen his empire shattered into pieces. Ferdinand of Bulgaria, another of the rulers in the Teutonic combination, has fled from his country, and Mohammed V of Turkey, who also joined in the attempt of Germany to dominate the world, is dead, slain, it is said by the hand of an assassin.

Revolt Sweeps Germany
While the curtain was rolling down on the most stupendous tragedy in mankind's history, events were moving with terrific swiftness in Germany, the nation about which revolved the plot and counter plot of the dream. Berlin, Leipzig, Stuttgart, Cologne, Hamburg and Frankfurt are in the hands of the revolutionists, who last week raised the red flag at Kiel. Germany's navy apparently is scattered into disjointed units, each seeking sanctuary in Danish ports or waiting in German harbors for the latest turn of events.

Crowds singing the "Marseillaise" are marching through the streets of autocratic Berlin and a soldiers' and workmen's council has taken over the government of the empire.

As the last hours of the mighty combat drew near, French, British, Belgian and American forces were rapidly pushing the last German troops from France and Belgium. General Pershing's men attacked Sunday over a front of 71 miles from the Meuse southeastward into Lorraine. This drive, probably the last to be recorded in the war, gained an average of two or three miles and approached within 10 miles of the fortress of Metz.

Wilhelm Faces Murder Charges
It is suggested that William Hohenzollern is not safe from the consequences of his deed, even though he has fled to Holland. After the sinking of the Lusitania and during the early days of aerial raids on London he was three times indicted for murder in England. Under international law, it is said, requisition for his extradition may be made by England under the indictments still standing against him.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth, so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. Adv.

REPAIRING MATERIAL MAIN AVENUE HERE

Repairing of the Main avenue paving will start within the next few days, according to a statement made by City Manager Greer this morning. The material, such as sand, asphalt, trap rock and necessary equipment is now in the city ready for use. Employees of the paving company are expected to arrive within a few days to start work. Most of the work will be done with home labor. The first repairing to be done will be the filling in of the holes in the Westumite topping. Also the joints between the concrete and asphalt paving will be gone over, and the depressions in the concrete will be filled in. It is estimated that this work will cost about \$1,000.

CHARLES HAS ABDICATED. London, Nov. 12.—Emperor Charles of Austria, has abdicated, says a Copenhagen dispatch. Victor Adler, leader of the Austrian socialists, and foreign secretary of the German-Austrian cabinet formed at Vienna October 1, is dead. General strike in Vienna is feared tomorrow.

First Baptist Church Perfects Plans for a Year of Earnest Work

Organization Will be the Most Thorough in the History of Local Institution -- Special Attention to the Children of the Sunday School.

The First Baptist church of this city, at the 11 o'clock service Sunday morning, perfected organization for a year of earnest work in the upbuilding of their church membership, the spiritual welfare of the lost, and the assembling of all forces for work in the kingdom of God.

Dr. John A. Held, pastor, gave an earnest, inspiring talk, at the beginning of the service, urging the people to come to the call of the Master's work on earth and put their best service in for Him in the new day that is now dawning upon the world, the era when peace is to reign, and the most wonderful opportunities that have ever been known to any age or any people lie out before the Christians of the world. He reminded the people that the words of the Master, "Come unto me," can only be told to the world, by His followers and every Christian should "put on the whole armor of God" and go forth to work and to win.

At the close of this earnest appeal resolutions, embracing the thoughts and purposes expressed, were offered in written form, and read by T. O. Walton. These resolutions were unanimously adopted by the church body.

A budget system of church finances, to be carried on by the individual contributions of the members, was then explained by the pastor, and this important plan for the coming year was also adopted, unanimously and enthusiastically.

Officers of the church and officers and teachers of the Sunday School for the coming year, to be known as the official family of the church, were then elected as follows:

Department of Administration: Officers: Pastor, Dr. John A. Held; clerk, R. B. Grant; assistant, E. E. McAdams; treasurer, Eugene Edge; financial secretary, E. F. Parks.

Deacons: H. O. Boatwright, Dr. J. W. Howell, W. S. Barron, W. R. Sanders, W. A. Withers, T. O. Walton, H. H. Newton.

Trustees: E. J. Fountain, H. O. Boatwright, Eugene Edge.

Committees: Organist and musical director, Mrs. H. O. Boatwright; assistant, Mrs. Robert Webb.

Ushers: John A. Moore, chairman; E. F. Parks, H. H. Newton, M. A. Miller, V. B. Edge, R. R. Ehlers.

Pastor's Home Commission: E. J. Fountain, chairman; Mrs. Geo. A. Adams, H. O. Boatwright, Mrs. E. H. P. Bain, H. P. Dansby, Mrs. R. B. Grant, Eugene Edge, Mrs. E. F. Parks, J. Webb Howell, Mrs. T. R. Batte.

Look-out Committee: Mrs. W. S. Howell, chairman; (to visit the sick, aged and strangers or have same looked after).

Mission Committee: Mrs. A. J. Buchanan, chairman; (keep mission fires burning). Mrs. Albert Bullock, Mrs. Horace Dansby.

Goodfellowship Committee: H. H. Newton, chairman; (to co-operate with deacons in keeping up the spirit of fellowship and good will among members).

Publicity Committee: Pastor, Sunday School Superintendent and Chairman of Deacons, Associational Board Member, H. P. Dansby.

Department of Practice: Men's Union, to be organized. Women's Work.

Ladies' Aid: Mrs. J. Webb Howell, president; Mrs. Mills P. Walker, vice-president; Mrs. R. B. Grant, secretary.

Y. W. C. A., to be organized. Sunbeam Society: Leader, Mrs. T. R. Batte.

Senior B. Y. P. U.: Councillors, Mr. and Mrs. M. A. Miller.

Junior B. Y. P. U.: Leader, E. E. McAdams; assistant, Miss Van Buren Waite.

Department of Instruction—The Sunday School

PEOPLE REJOICE ON NEWS OF VICTORY

An Associated Press message came to the Daily Eagle about 3:30 o'clock Monday morning announcing that armistice terms had been signed—that the great world-war was practically over.

The city was deep in slumber, but an accomodate young woman at the telephone exchange passed the word to John Daly, who set the fire bell going, others were aroused by phone and within thirty minutes the entire city was wide awake and celebration of the biggest event in history was soon in full swing. Every gun that could shoot, every bell that could be reached and every man that could shout, scream or whistle went into action. It was, indeed, a great occasion for rejoicing. People congregated down town long before day-break to hear and talk of the great news by the light of huge bonfires. It was an exciting time, but everything passed off without accident.

In accordance with the proclamation of the mayor, all business was suspended and the entire city and many from surrounding towns observed the day as a holiday.

The people met in accordance with Mayor Lawrence's summons at the courthouse at 1:45 in the afternoon, to form in line for a parade, which was begun at 2 o'clock, passing down Twenty-fifth to Main, down Main to Twenty-second and then returning to the intersection of Main and Twenty-fifth, where a platform had been erected for speaking. The parade was a grand one and everyone was invited to take part therein, regardless of creed or color. It was a display of true Americanism and the biggest and best in the history of Bryan.

At 2:30 p. m. Dr. W. B. Bizzell, president of A. and M. College, upon invitation of the business men of Bryan, spoke to a large and enthusiastic crowd which had congregated there. As usual, Dr. Bizzell's talk was to the point and held the close attention of the immense throng, which now completely choked the intersection at Main and Twenty-fifth. T. O. Walton presided and other speakers were H. L. McKnight and Rev. George Williams. At the conclusion subscriptions were taken for the United Charities totaling \$3,600.

Thanksgiving Service.

In completion of the day's celebration and enjoyment over the occasion, a service of thanksgiving and praise was held at Colonial theater at night. It was a service of worship in which every church in the city was asked to take part. The theater was filled to overflowing and many could not get seats. The program was one befitting the occasion and no person who was present can say he was not benefitted by being there. It was a service that will be remembered so long as the day—November 11—is remembered, and that day will be remembered and celebrated for years to come.

COTTON TUMBLES.
Associated Press.
New York, Nov. 12.—The reopening of the cotton market for the first session after cessation of hostilities was marked by a fall of from 135 to 145 points below early high levels.

HUNS MARCHING TO HOLLAND.
Amsterdam, Nov. 12.—German troops at Verboek camp in Belgium have mutinied and are marching with their guns toward Holland.

CUSTODIAN CITY CEMETERY RESIGNS

H. O. Tuck, sexton city cemetery, handed his resignation to the city commission at their meeting Friday night, same to take effect December 1. The commission accepted his resignation and he will be succeeded by Tom Spell, who filled this position for several years and is thoroughly familiar with the duties of the position.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles. After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

I Owe My Life to PERUNA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Traveling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me, so I cannot praise it too highly."

It Cured Me
Mr. Samuel McKinley, 3507 E. 12th St., Kansas City, Mo., Member of the Society of U. S. Jewelry Auctioneers.
Sold Everywhere. Tablet or Liquid Form.

SOLDIERS' COUNCILS WILL SUBMIT TERMS TO VON HINDENBURG

(By Associated Press)
Amsterdam, Nov. 12.—Soldiers' council has been formed at the front and will submit its demands to Field Marshal Von Hindenburg tomorrow.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal. "What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased—The Corn Is Doomed!
on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "gone" sure as the sun rises. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Bryan and recommended as the world's best corn remedy by M. H. James and E. J. Jenkins.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. It purifies the system, vitalizes the blood and puts the digestive organs in fine, vigorous condition. Sold by E. J. Jenkins and M. H. James.

APPEAL TO PRESIDENT.

(By Associated Press)
Washington, Nov. 12.—An appeal of Dr. Solf, foreign secretary of Berlin for intervention by President Wilson for the mitigation of armistice terms to save Germany from starvation was delivered to Secretary Lansing today by Minister Sulzer of Switzerland. It was sent immediately to the president.

ARMISTICE WILL NOT EFFECT COLLEGE SAYS DR. BIZZELL

"The College will continue on its present plan of organization and policy," declared President Bizzell yesterday. "No instructions have been received from the committee on education and special training," he continued, "which would authorize any modification of the work of the College. It is impossible to foretell at this time what influence the signing of the armistice will have upon the plans of the committee on education and special training, which is responsible for the educational work of the war department. There is no doubt that modifications will come as a result of the present outlook for permanent peace. But it is my opinion that the work of the colleges will not be seriously affected at this time. It is possible that the training of men in section B. of the S. A. T. C. may be gradually reduced, but it is very likely that the work of section A. will continue as planned, at least through the current scholastic year."

Students Should Stay on Job.
"The advisable thing is for every student to continue his work in a perfectly normal way and await developments. The college authorities will announce changes in policy as instructions are received from the war department. There are many complex problems ahead of the authorities of our government which will likely make it necessary to maintain a large army in Europe for some time. It is not improbable that additional army units in training in the colleges and camps may be sent overseas to relieve our soldiers who have been on the fighting line for some time. Should this be necessary, the colleges of the country will certainly be called on to train many men for officers training camps, and other technical branches of the army service."

COLDS AND GRIPPE YIELD TO CALOTABS OVER NIGHT

To break up a cold over night or to cut short an attack of gripple, physicians and druggists are now recommending Calotabs, the new nausealess calomel, that is purified from all dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by all physicians.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your whole system feels refreshed and purified. Calotabs are sold only in original sealed packages, price thirty-five cents. Recommended and guaranteed by all druggists. Your money back if you are not delighted.—Adv.

NOTICE OF APPLICATION FOR LETTERS—GUARDIANSHIP.

THE STATE OF TEXAS.

To all persons interested in the welfare of Frank E. and Cecil L. Loftin, minors.

Mrs. Eva B. Loftin has filed in the County Court of Brazos county, an application for letters of guardianship of the estate and persons of Frank E. and Cecil L. Loftin, minors, which will be heard at the next term of said Court, commencing the third Monday in January, A. D. 1919, at the Court House thereof, in the City of Bryan, Texas, at which time all persons interested in the welfare of such minors may appear and contest such application should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, this 17th day of October, A. D. 1918.
(Seal)
H. O. FERGUSON,
Clerk, County Court, Brazos County, Texas.

MEMORIAL SERVICES HELD

AT WACO FOR MAJOR WRIGHT.
Waco, Texas, Nov. 13.—A memorial service was conducted here last night in the First Baptist church as a tribute to the memory of Major B. Fisk Wright of Waco, who was a member of the church and who was killed in action on October 8, last. Addresses were delivered by the pastor of the First Baptist church, the Rev. J. M. Dawson, and by Dr. S. P. Brooks, president of Baylor University. A gold star, the first to be placed on the service flag of the First Baptist church, has been sewn in the center of the banner as a tribute to Major Wright.

Rev. J. J. Pipkin, superintendent of the Panhandle department of the Buckner Orphans' home, is here on a brief visit and would appreciate donations of clothes and shoes for the orphans of his department, which is located at Goodnight. Those wishing to aid may telephone Mr. Pipkin at 346. It is likely Mr. Pipkin and family will remove to Goodnight soon.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless chill Tonic.

BACK THE GOVERNMENT.

Yesterday we heard a Bryan man remark that Liberty Loans were now over and that we would not be called upon to buy any more bonds. This, in our opinion, is far from being true. The immediate problem here behind the lines is the same as it would be were our army still active on the battlefield. Peace has nothing to do with today's job. Today's job must be completed and preparation made for the morrow. Yes, we say, regardless of the armistice or peace, there will still be need for a Fifth liberty loan—or probably a Victory loan. If there should be no fifth loan, all of the Fourth loan and all of this year's taxes would be spent before the war liabilities could be discharged. It is inevitable that along with immediate liabilities a mass of deferred liabilities will incur. After-war liabilities will incur, and these along with the present immediate and deferred liabilities will make another liberty loan necessary. It is our belief that the people will be called upon to subscribe to a fifth loan, and it would be of advantage if they would not too readily embrace the idea that they are through with backing up the government with their money.

We are building at a very small percentage of our normal rate. Reports from all over the country indicate that this percentage is about one-fourth. There are big arrears to make up, and how else can these be made up except by another loan. Texas must not defer the construction of school houses. The present need of the strictest economy can not be lessened by news of peace. Road improvements and countless other things in the way of developments have been deferred. Since peace has come this work must be taken up. All of these make it more important that we prepare ourselves for a fifth loan.

Every weather vane you see points in the same direction. Of course, when a bank get hard up it discounts its paper at a Federal Reserve bank, and the volume of Federal Reserve discounts measure, in a way, the pressure or strain on credit. When the fourth liberty loan started those discounts had risen from less than two hundred million dollars to more than sixteen hundred million dollars. Over eleven hundred million of this was war paper—paper secured by government war obligations. This, however, was before the flotation of the six billion dollar loan. We will receive notice, far in advance, of better times, and in the meantime, we should sit tight on the economy program and get ready to back up the government with anything it calls for.

Grove's Tasteless chill Tonic

destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

A. R. McCOLLUM.

The death of Senator A. R. McCollum of Waco, as a loss to the state that can not be regained or replaced. Senator McCollum was a wise and efficient legislator, an able journalist and his place will not be easily filled. In speaking of his death the Houston Post says:

"For forty year past Senator McCollum has been a prominent figure in Texas. He became a leader in journalism years ago. In the beginning of his Texas career good newspapers were few, but there was nevertheless a group of exceptionally strong men in the state who gave tone and character to the profession and who in a period of transition rendered conspicuous service, political and otherwise."

"Senator McCollum took high rank among these, of whom there are few survivors." "The dominant note of Senator McCollum's character was his unflinching gentleness. He was a man of poise and self-control. He was patient. He was tolerant. He was generous in his judgments of men and his sympathies were genuine and active. He disclosed in all his work that one can write with force and still be courteous; that he could administer reproof without sting; that he could disagree and still be just; that he could give the soft answer without sacrificing his dignity or honor."

"The newspapermen of Texas, both old and young, loved this man, as did all who knew him. It was his pleasure to aid the youthful and aspiring, and he was always generous with good counsel. His unselfishness and his eagerness to serve brought to him early in his life hosts of friends."

DID NOT VOTE.

Dallas, Texas, Nov. 13.—Texas soldier in the three aviation camps near Dallas were granted 24-hour leave of absence during the November election but none of them cast their ballots. They were expected to go home and vote, but in Texas, legislative law says when the "poll tax pecker" puts on the khaki uniform and takes the status of a United States soldier, his suffrage rights go glimmering. They would not be permitted to vote if they went home. Some living nearby were able to go home to see their people but in the main most of them cast their ballots at places of amusement in this city.

Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

MONTENEGRIN INSURRECTION.
Paris, Nov. 13.—A general insurrection has broken out in Montenegro, says the Temps. Austrian forces of occupation have withdrawn from Montenegro and it is possible that reported insurrection may be a conflict between elements of Montenegrin population to gain control pending return of Montenegrin government, which has been in France since early in 1916.

COUPLE RECONCILED.

Beaumont, Texas, Nov. 13.—Long estranged, a couple were today reconciled as a result of the war and the signing of the armistice terms. They were remarried in the office of Justice of the Peace H. E. Showers. They had two sons with Pershing in France and it was the thought of an appropriate reception for the returning soldiers that brought them together.

CALL FOR TEACHERS

Austin, Nov. 13.—The demand for public school teachers over the state is unprecedentedly great, according to Frederick Eby, Ph. D., professor of the history of education, University of Texas. He says that he could place 100 men as teachers of science within 20 days. Teachers of English and Spanish are also in demand. There is one college in the State offering a salary of \$2,000 for a teacher of education. In most cases men teachers are desired, but a substitution of women is being generally made over the state. Conditions this year are very much worse than they were last year. Thirty years ago 50 per cent. of the teachers in Texas were men. Five years ago the percentage had decreased to 19. Today there are entire school systems without a single man. Only 10 per cent. of Texas' teaching force are men. This percentage consists largely of superintendents, principals, a few in the high schools, and fewer in the country.

"With the large expansion of vocations for women, due to the demand of the war for men, it would seem probable that the stronger women choose other vocations," Mr. Eby continues. "Unless there is some great change we will have a condition in education where there will be no men and only mediocre women."

"American education is facing a very somber and pessimistic future. There is little hope in the situation unless people awaken to face the facts and to exalt the teaching profession. A better class of teachers should be called forth to meet the situation. The demand is persistent and immediate."

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC gives regularly every two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off the parasites, and the child will be in perfect health. Pleasant to take. 60c per bottle.

AVIATORS WILL CONTINUE

(By Associated Press)
Dallas, Texas, Nov. 13.—Aviators now in training will probably continue in their courses until they have learned to fly proficiently, notwithstanding the declaration of peace, in the opinion of Lieutenant William H. Hine, Adjutant at Camp Dick, writing in the Camp Dick News. Men who have graduated from the ground school and those now in flying school, Lieutenant Hine says, will be put through their final schools. Those, however, who ask for discharges on the grounds of officer status, will be granted, the officer states, but others will be kept in the service until they receive their commissions. The government, Lieutenant Hine states, will very likely subsidize the industry and the next ten years will see great strides in aeronautics through the turning out of a great body of trained flyers.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing of the head. Remember the full name and look for the signature of E. W. GROVE, 30c.

LONDON PAPERS ANXIOUS.

London, Nov. 13.—In view of the irregular and uncertain position of the new German government, anxiety is expressed by some London newspapers lest difficulties arise to prevent acceptance and enforcement of the allied armistice terms.

The pleas of some German papers that the allies ought not to crowd Germany to the wall so hard that she would be unable to establish herself under a democratic government tend to confirm suspicions in some quarters here that the transfer of power to the socialists really is a subtle device by which the former emperor and the militarists hope to obtain easier terms. It is contended that if such a scheme gained even partial success it might easily lead to reaction in favor of the former autocrats.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS chill TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

MEMBERS ADDED.

Two graduates of the College have been added to the civil engineering faculty in the persons of J. M. Nagle and T. A. Polansky, Dean J. C. Nagle announces. Both of them have had wide experience in their profession since leaving College.

Mr. Nagle, who graduated in 1911, has served as draftsman in construction for the Wichita Falls and Northwestern railway, draftsman and office engineer on the construction of the Dallas-Waco-Corsicana interurban lines, resident engineer for the Stone and Webster corporation at Fort Worth, surveyman for U. S. Reclamation service in construction of Elephant Butte dam, New Mexico, assistant county engineer for Collin county for a year, draftsman for the Santa Fe at Galveston on valuation work for the I. C. C., and resident engineer for Sa. Francis county, Ark., and Dickens county, Texas, on highway work.

Mr. Polansky, who graduated here in 1909, was an inspector of building construction at the College for a year, assistant engineer on construction of levee system in Matagorda and Brazoria counties, highway engineer at Alvin, building inspector for the Santa Fe, chief engineer for the Texas City Terminal company, and field construction engineer for the Portland Cement association.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Therefore, it cures the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in her own work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

COMMUNICATIONS

HARVEY

Influenza is still prevalent but there are fewer cases than at first. The reporter has been too busy waiting on the sick list to write the locals this week.

A box supper was enjoyed by the younger set at the schoolhouse last Saturday night. Mrs. J. C. Davidson was the only matron present and to her dismay and astonishment she was besieged to act as auctioneer, a job rather out of her line, nevertheless, she finally acquiesced, and the boxes were sold for \$30.80, some bringing as high as \$2.50, and a beautiful cake made by Mrs. Jno. Pato was raffled off at 10c a chance and brought \$5.00, altogether a neat little sum to be expended on basketball paraphernalia, swings, etc., for the smaller children. After the supper was eaten by the happy couples, a few games were indulged in, before departing.

A little daughter arrived Thursday morning to make her home with Mr. and Mrs. Evanada Hensarling.

Charlie Cobb and all his family but two have been sick with influenza. Thedie, his oldest girl, and his mother are still in bed with it. Mrs. Charlie Cobb died Tuesday afternoon about one o'clock, after a few days' illness with influenza, followed by a two-day attack of pneumonia. They telegraphed for her mother in Arkansas, but the telegram came too late for her to catch the train. Mrs. Cobb leaves a husband and five little girls their ages ranging from 1 to 11 years, besides other relatives to mourn her loss. The family indeed, have our sympathy. The grandmother and the two little girls were too sick to attend her funeral, which was held at Bright Light church, of which she was a member. She was interred in that cemetery. Rev. J. J. Tatum performed the burial service.

We are sorry to report that D. Buchanan has been wounded again, this time in the eye. We hope he will soon recover.

TABOR.

Tabor, Nov. 11.—People are rejoicing greatly over peace. The schools were dismissed at noon in order that they might take part in the celebration in Bryan.

The many friends of Roland Hudspeth, who has been seriously ill with pneumonia, are very glad to know he is improving.

Mr. and Mrs. Lutte Woodall and Mrs. Earl Kent are visiting their parents, Mr. and Mrs. Wm. Hudspeth, having been called home to be at the bedside of their brother, Roland.

There has been quite a great deal of influenza in this and adjoining communities for the past week. At the time of this writing all the sick seem to be improving and we hear of no new cases. The high school resumed its work today.

Claude Barnes, who is in the navy, is home on a furlough, after an absence of over one year.

Mr. Beason, Mr. Eberstadt and Sergeant Kline were out Sunday afternoon. Sergeant Kline, who has been in service over three years, and who lost an arm while over there fighting for his country, made a very interesting talk. A great interest is being taken in the United War Work campaign. The committees were out working this morning.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, bleeding or protruding PILES. Instantly relieves itching Piles, and you get restful sleep after the first application. Price 60c.

SPANISH INFLUENZA STRIKES SUDDENLY

Pneumonia Often Results—Victims Seized Without Warning Making Precautions Doubly Necessary.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish Influenza lies in the fact that it strikes its victim without warning.

Although State and Federal authorities are taking every possible precaution in their efforts to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventive is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the easiest victims of the influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principal ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by performing every organ of the body to its own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of influenza, gripple or bronchial troubles.

Tanlac is sold in Bryan by N. A. Stewart.—Adv.

Great Opportunity to Buy Bargains

As Long As They Last

AT

M. BONNEVILLE

On the Corner West of Main Street

Same Goods For
Less Money

Racket Store

More Goods For
Same Money

Peace seems to be in sight, but this does not mean low prices on merchandise, by any means. We can, I assure you, look for a further advance in prices on all merchandise—for two years of more—even if peace should come. There will be enormous demands from foreign countries for all kinds of merchandise, and with our thousands of American-made ships to carry these goods abroad, prices will most certainly continue to climb. Rest assured that raw material will remain high, here and everywhere, until the Old World gets on its feet again. So, don't let the low price of cotton mislead you. Naturally, the cotton ball wants to buy just as cheap as possible, and will do his best to hold the market down until all the cotton is in his hands. He wants to buy at his own price and then sell at his own price. The price of cotton, as well as merchandise, is certain to go higher, and those who are in need of merchandise will save money by reading our list of prices and buying from us while we have such a large stock on hand. For, remember, the goods we are now selling will not be duplicated in price for years to come. So, if you want a bargain, buy now, you will agree with us within thirty days that we have made money for you.
